School Supply Presents for

Martin Luther School in Africa

Martin Luther School is located in Mwembeshi, Zambia—about 90 minutes outside of Lusaka, Zambia. Martin Luther has students from grade K-12th grade. There are so many students in this school that they have to rotate and come to school in three shifts (early morning school, late morning school, afternoon school). There are over 1,000 total students! Some of them walk many miles to school each day.

While the students of Martin Luther are filled with joy, energy, and a passion for education, the environment is not always conducive to learning. Students are often crammed three to one desk. Simple school supplies like pencils, pens, paper, notebooks, rulers, etc. are in short supply. The need is very great!

Wisconsin Lutheran High School has supported Martin Luther School in the past by providing a hydroponics water system and helping expand their outdoor kitchen. Now the Wisco family would love to provide the most basic supplies needed for a great education.

How You Can Help

- Donate simple school supplies such as:
  - Pencils and notebooks (most important)
  - Erasers, pens, paper, crayons, colored pencils, rulers, markers, plain color folders, etc.
- **OR**, donate money for shipping costs
  - (about $1,200 needed to ship gifts)

Deadline for gifts is Friday, December 14, 2018

Please send all gifts to WLHS by this date for shipments to go out.
