Highlights of the most recent meeting (May 24) of the MSPUC:

- Initial floorplan layouts were presented and reviewed by the MSPUC using a 2-story educational structure on the west side of our existing footprint.
- Additional floorplan options were discussed to be included in an updated layout:
 - Expanding the current lobby area next to the gymnasium
 - A joint expanded art/science room in the lowest level
 - Incorporate additional windows on the south face of the addition by relocating the proposed elevator shaft to the middle of the structure.
- Principal Mueller will be meeting with his faculty and staff prior to our next meeting to discuss additional floorplan options for classroom placements/layouts.
- A meeting is scheduled for June 6 with our neighbor to the south (Baptist church) to discuss potential opportunities to purchase some land from them.
- Reminder - Three Congregational Forums are being planned: Sunday, June 11 at 9:10 a.m. (short presentation) & 11:15 a.m. (full presentation); Monday, June 12 at 7:30 p.m. (full presentation).

The next meeting of the MSPUC is scheduled for June 1 in which we hope to solidify floorplans. We'll have another update shortly thereafter.
